Employees who have served on a procurement selection committee on or after the date of this Motion, 2. Employees who are department directors, or 3. Employees who are otherwise responsible for awarding contracts exceeding \$50,000. In order to fulfill this request, my office has worked collaboratively with the Procurement Office and our Information Technology and Innovation team to create a process for regularly updating the requested information to a public database. On or before November 1, 2022, the Procurement Office will begin using an updated, digitized version of its Conflict of Interest Disclosure Form that will collect outside employment information for all procurement selection committee members. Once the form is submitted and validated, relevant data for employees who fall into category one above will be automatically pushed to the public database on a regular basis. If an employee in category two or three is authorized for outside employment, the relevant data will be manually added to the database. Any data responsive to this Motion generated on or after the date of the Motion but before November 1, 2022, will be manually added to the database prior to publication. The public database will go live on or before November 1, 2022, and a formal notice will be submitted to the City Council upon its publication.
