- * Consider updating existing regulations in the CZO to increase opportunities for EV charging stations in appropriate zoning districts;
- * Consider defining Levels 1, 2, and 3 EV charging stations or other relevant EV charging industry standards when creating use standards and definitions;
- * Consider requiring EV charging stations in any newly proposed parking lots (principal use) or parking structures (principal use) based off national best practices;
- * Consider reducing the required number of off-street vehicle parking requirements for developments that include EV charging stations;
- * Consider limiting EV charging stations (principal use) to zoning districts with existing auto-oriented uses or consider ways to mitigate any potential negative impacts of this auto-oriented use.
